

**PRATT DANGEROUS GOODS OUTDOOR STORAGE CABINET -  
250LTR, 1 DOOR, 2 SHELVES**

Pratt dangerous goods outdoor storage cabinets are manufactured to comply with the requirements of AS1940 for the storage of flammable and combustible liquids. They are also suitable for the separate storage of other classes of dangerous goods.

This range of cabinets provide a convenient and secure enclosure and helps with good house-keeping practices for the storage of dangerous goods. They are suitable for outdoor use only.

**FEATURES & BENEFITS:**

- Suitable for Flammable Liquids, Class 4 Dangerous Goods, Oxidizing Agents, Organic Peroxides, Toxic or Corrosive Substances when stored separately.
- Constructed of heavy duty single walled galvanised steel.
- Door and rear panel incorporate weatherproof louvered constant ventilation.
- Manual closing door with ISO two-point latching bar.
- Provision for padlock for added security.
- Rubber door seal for added weather protection.
- Two heavy duty door hinges allowing 270° opening to aid loading and unloading.
- Fixed heavy duty open mesh bottom shelf.
- 1 x heavy duty galvanised steel adjustable shelf.
- External static earthing connection point at base of cabinet and including metal earthing stake with connecting earthing wire.
- Durable weather and solvent resistant blue powder coated paint finish, both internal and external.
- 150mm deep liquid tight sump for spill collection.
- Front accessible removal sump plug for drainage.
- 4 x heavy duty lifting lugs.
- Heavy duty foot plates with provision for bolting to concrete footing.
- Forklift channels for ease of moving by forklift.
- Palletised and packaged in strong cardboard for protection during transportation and storage.
- Appropriate labelling applied.

**Weight:** 130kg
