

Force® Typhoon™ 10 Full Face Respirator

BPB003-104-0AN / BPB003-004-0AN / BPB003-204-0AN

Small | BPB003-104-0AN

Medium | BPB003-004-0AN

Large | BPB003-204-0AN

DESCRIPTION

Force® Typhoon™ 10 is an extremely lightweight, easy to maintain full face mask with panoramic visor. With 3 available sizes and the ability to fit PressToCheck™ filters, the user can feel reassured of an excellent fit.

SAFETY STANDARDS

- AS/NZS 1716
- AS/NZS 1337

FEATURES

- The RX Modular Prescription Kit enables the use of corrective lenses with the Force® Typhoon™ 10 respirator, preventing traditional prescription spectacles interrupting the face seal and compromising protection.
- Low resistance exhalation valve for easy breathing, with stable mask configuration. Made from silicone it performs well at very low temperatures.
- Available in Small, Medium and Large to provide an even better fit to a wider range of face sizes and shapes improving the seal and level of protection.
- Fully compatible with both JSP Classic filters and PresstoCheck™ twin filter cartridges, providing daily face fit reassurance with the easiest way to check the seal each time the mask is donned. Fit it - Press it - Check it.
- The Force® Typhoon™ 10 has been meticulously engineered to incorporate a small number of key components. Disassembly, cleaning and maintenance are effortless with replacement parts available.
- JSP have used NIOSH (ISO16976-2) extensive research, distinguishing the worlds most common facial shapes, to digitally optimised the ergonomics of the Force® Typhoon™ 10 face seal to maximise wearer compatibility.
- Replaceable peel-off visor protectors are available to prolong the life of the Force® Typhoon™ 10.
- Comfort is a key feature of this ultra lightweight mask, the web like structure of the harness cradles the users head – ensuring wearer comfort throughout the working day.
