FEATURES

- PowerCap® Infinity® has been developed as a modular system, making it easy to disassemble and reassemble for ease of cleaning and maintenance. To ensure the optimal performance of PowerCap® Infinity® it is important that maintenance is carried out on a regular basis. No specialist tools required.
- The high capacity HEPA filters coupled with the aerodynamically optimised pre-filter covers ensure that PowerCap® Infinity® delivers 160 litres per minute of clean air to the user with maximum battery efficiency.
- Real time diagnostics monitor the system and the wearer twice per second, giving the user accurate, dynamic feedback. Feedback is given on battery and filter condition via the heads up display and audible notifications.
