PRODUCT DETAILS

Material: HDPE/Polyester
Size: 53cm - 66cm

APPLICATIONS

The Pro Choice Safety Gear range of protective headwear is ideal for protection against danger from falling objects (hard hats only) and from bumps in a wide range of applications in both workplace and recreational environments.

Typical applications include but are not limited to: Agriculture, aviation, automotive, chemical manufacturing, construction, forestry, heavy engineering, manufacturing, metal processing, mining and quarrying, transportation.

CARE INSTRUCTIONS

Upon issue, wearers name & date of issue should be printed on the label provided.

Pro Choice Safety Gear hard hats should be inspected for any deterioration or damage prior to use. Pro Choice Safety Gear hard hats with excessive damage (cracks, colour distortion or deep abrasions) should be disposed of.

Entire hard hat, including harness, should be cleaned with warm soapy water (avoid any solvents) on a regular basis & sweatband replaced.

Industry recommends hard hat shell be replaced after 3 years of working life.

Components of the hard hat harness may deteriorate during its normal working life, & as a result the harness should be replaced at intervals no longer than 2 years.

To extend your hard hat working life, avoid excessive exposure to UV & any solvents.
